UNITED STATES OF AMERICA
INDUSTRY AGRICULTURE
SPRINGFIELD

SPRINGFIELD, OHIO,
March 2, 1942.

TO THE TRADE:

The past two or three years have produced many changes in plant material supplies over the whole country. **WE ARE PROUD OF THE COMPLETENESS OF OUR LIST.** We do not claim to be without skips! But we can still show you, our customers, most varieties you need in the size you want.

Under modern conditions a large portion of nursery stock moves by truck. We are prepared to completely load on and send out orders in large trucks without delay to our clients or their men and equipment.

Your orders will receive our prompt and most careful attention, in selection of stock, digging, handling and grading. Every order receives the **PERSONAL** attention and supervision of at least one member of our firm.

We offer our record of **TWENTY-SEVEN YEARS EXPERIENCE** in the Wholesale Nursery Trade as evidence that we know how to please the people who buy our products for **RESALE AT A PROFIT.**

WE ARE ANXIOUS TO MEET ALL MEMBERS OF THE INDUSTRY. We will enjoy showing you our 200-acre nursery, whether you come to buy or to visit. We believe we can please you with quality and reasonable prices of our stock. During any season of the year you will be welcome at **BERRYHILL!**

We offer as **REFERENCES** any business house or bank in the City of Springfield or any leading nursery firm.
